

## Beacon Zoom Orientation Information

To promote connecting within, **we have created an online account on the platform Zoom.** People can access it via the web or can phone in.

**We are using the Beacon Zoom account for Sunday services, committee and regular small group meetings, weekly check-in gatherings,** as well as other social gatherings we hope to have in the coming weeks.

**We recognize there will be a learning curve in using new technology and we will be offering opportunities to learn more about how to connect via Zoom.** Watch the website, [beaconunitarian.org](http://beaconunitarian.org) and the weekly Beacon This Week email for more information.

### **Directions on how to access zoom if you've never used it before:**

If you have never been in a zoom meeting before, we suggest you watch this 3-minute video and download the zoom application before the meet ---it explains how in the video:

Then you'll know how to get into the zoom meeting. If you are new to zoom, please join the zoom room by following the link at least 5 minutes before the call so we can orient you to some zoom features.

When it gets to the day, please follow the zoom link provided for that meeting or this recurring Sunday service link: <https://zoom.us/j/525609578>

**If you are phoning in,** dial 778-907-2071 (in B.C.) and then enter the Meeting ID number that is emailed out for that meeting or this Meeting ID for Sunday services: 525 609 578

If you are connecting by phone from another province or country, find the local number (long distance charges will apply): <https://zoom.us/u/a1iomdDtr>

We will also be connecting through phone (especially with those not online), and through email with one another at Beacon.

**We look forward to using our creativity as we experiment with new ways to connect and care within our beloved Beacon community.**
